

PEER-ESTIMATED SOCIAL INTELLIGENCE

© A. Kaukiainen, K. Björkqvist, K. Österman, K.M.J. Lagerspetz, & S. Forsblom
University of Turku, Finland & Åbo Akademi University, Finland (1995)

The purpose of this questionnaire is to study how people deal with social situations. Since people cannot see clearly how they themselves behave, those who know them well make more accurate evaluations of their behavior. You are therefore asked to evaluate the behavior of others.

No-one except the researchers will have access to these papers, and no-one will know how exactly you have answered these questions. You should not write your own name on this sheet. You cannot be identified.

Name of person whose behavior is to be estimated:

Answer by marking the alternative that comes closest to your own experience.
0 = never, 1 = seldom, 2 = occasionally, 3 = often, 4 = very often

He or she

- | | | | | | |
|----------------------------------------------------------------------------------------------|---|---|---|---|---|
| 1. Notices easily if others lie | 0 | 1 | 2 | 3 | 4 |
| 2. Is able to get along with people | 0 | 1 | 2 | 3 | 4 |
| 3. Accommodates easily to new people and new situations | 0 | 1 | 2 | 3 | 4 |
| 4. Is able to get his/her wishes carried out | 0 | 1 | 2 | 3 | 4 |
| 5. Is able to guess the feelings of others, also when they do not
want to show them | 0 | 1 | 2 | 3 | 4 |
| 6. Is aware of the weak spots of others | 0 | 1 | 2 | 3 | 4 |
| 7. Knows how to get others to laugh | 0 | 1 | 2 | 3 | 4 |
| 8. Is able to persuade others to do almost anything | 0 | 1 | 2 | 3 | 4 |
| 9. Is able to take advantage of others, if (s)he wants to | 0 | 1 | 2 | 3 | 4 |
| 10. Is able to talk others into taking his/her side | 0 | 1 | 2 | 3 | 4 |
